

TRIPLE TREAT WORKSHOP

Fri 3, Sat 4, Sun 5^h January 2025

Kick start the New Year 2025 and splash into a colourful
New Year with
3 days of drawing and painting!

It is that time of the year again and I am sending this out early as I am off to tutor again very soon, this time in Tassie and I want to give you plenty of time to plan for this if you are free to participate. Each day there will be step by step demos, different techniques to discover and loads of tips for you in drawing, perspective tone and colour mixing! Images for the 3 days will be provided.

*** Sunday 5th already has 7 participants, should this fill, Monday 6th will become a second day of portraits. If you should wish to attend 2 days of portraits, that will also be possible while vacancies are still an option on Sunday 5th.****

Fri Jan 3- Limber up with Florals

- **Floral** works are always a great way to try new techniques and see different approaches. I love fresh and transparent, abstracted, and loose works filled with colourand this is what I will demo! Sound like something you want to know more about? Come along on the day, soak up a day of colourful fun and paint:)

Sat Jan 4- Atmospheric Landscapes

- **Atmospheric landscapes** ...what's not to love? A landscape with atmosphere can make you feel happy or calm, invoke memories of wonderful places you have visited, they have mood! Whether a cool misty forest or a warm and sunny beach, dense bush land at peace with nature or a warm and vast panorama at dusk.... we will explore ways to approach these differences, to use your brushes and that all important water to make your landscape sing!

Sun 5 Jan-Portraits Fascinating faces.

- **Portraits!** I often hear....but 'I can't draw! Where do I start? What colours are the skin tones? How to get a likeness? ? What colours do I use?

Can I do this as I have never done a face before?

Yes is the answer to all these questions! All you need to be is curious and a little brave! Interested? Try your hand, learn the answers to all these questions and more!
